A welcomed endeavour by the Chinese Cultural Centre of Greater Toronto to host the CCC Piano Competition 2010 (Canada), the creation of the competition reflects the multicultural character of this country.

It will play a critical role in the future of many aspiring young pianists. The participants will have a common goal in which to excel through the universal language of music.

Their talent and dedication must be nurtured. Therefore I believe that this competition carries the mission to recognize their potential and stimulate them to rise to the heights of their capabilities.

I wish that this opportunity will become a milestone on the participants' way of fulfilling their dreams.
